Only My Credit Screener has the most stringent security standards in the industry, along with TCI's top-ranked help line support.

My Credit Screener

YOUR CREDIT BUREAU ACCESS SOLUTION

The most secure way to access credit reports from your PC

My Credit Screener is today's most secure desktop credit accessing solution. One CD gives you secure and seamless access to all of the credit reporting bureaus and other ancillary databases. You'll minimize costs and save time while maximizing your credit report processing and efficiency. No Internet connection is necessary, so you'll also save on access fees.

Here's how:

- Simply launch My Credit Screener software on your PC or from your office's network server. If needed, you can also rent the complete terminal solution from TCI.
- My Credit Screener dials TCI's proprietary network and connects to our secure servers.
- The dependable TCI network seamlessly connects you to all of the major credit bureaus including Equifax, Trans Union, Experian, the National Merge Bureau and many other ancillary databases like NADA, DMV and criminal repositories (where available).

Prevent damaging security breaches. Only with My Credit Screener can you:

- Select multiple security levels for administrators, supervisors and general users.
- Receive daily and monthly alerts if a user exceeds a predetermined number of reports.
- Limit the time of day when users can access My Credit Screener, preventing off-hours access and abuse.

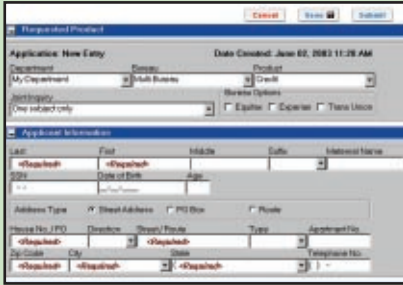

Plus: Select unlimited user IDs and passwords. Bureau access codes are stored in an encrypted format in TCI's server, so they are not visible or accessible to anyone using your PC or any TCI staff member.

Find what you need fast and manage it more efficiently:

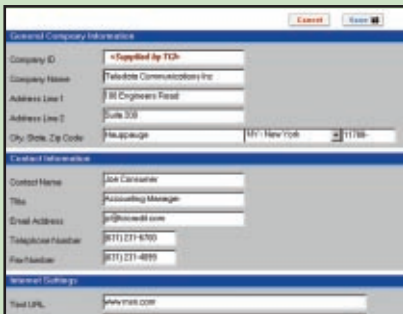

- Save time by editing and re-sending archived applications.
- Simplify data entry by hiding specified fields in the applicant entry screen.
- Increase productivity by entering up to ten social searches on one application page.
- Track volume and user activity with comprehensive activity reports. You'll be able to monitor who accessed what bureau and when, plus other essential information.
- Rely on our superior help line support, available six days a week.
